Attorney General John Ashcroft  
US Department of Justice  
950 Pennsylvania Avenue, NW  
Washington, DC 20530

Dear Mr. Ashcroft:

I am writing to say that I fully support the Microsoft settlement. I feel that if Microsoft is going to comply with all the terms and conditions of the settlement agreement, then the Justice department should conclude their investigations in this matter. The country needs to go on with it business of production and development in regards to the tech industry.

One way in which Microsoft has agreed to comply in regards to the settlement, is the three expert technical committee, which was formed to make sure that Microsoft will not step out of the bounds of the agreement. If another group finds Microsoft acting inappropriately, that group can take up a formal grievance with a number of individuals appointed by the government and who are associated with this case.

I know that you will make the right decision for all Americans. End this case now, and let the country keep moving.

Sincerely,

Jim Waldo
